Local developers NDT Development, Place Projects and Connecticut-based Wheelock Street Capital announced April 22 that luxury perfumer Le Labo Fragrances will open its first Palm Beach County location in the Nora District in West Palm Beach. The boutique will be located at 840 N. Railroad Ave. and will occupy approximately 1,000 square feet. The lease is part of the district's first phase of redevelopment, which includes over 150,000 square feet of retail space across reimagined industrial buildings.
