West Palm Beach's Nora District will welcome a new restaurant on April 7 with the debut of Del Mar.

The Mediterranean concept will feature a menu of coastal classics inspired by cuisines served from the Strait of Gibraltar all the way to the shores of Turkey. The Nora District location, which marks the fourth Del Mar outpost by Cameron Mitchell Restaurants, will also include expansive patio seating with vibrant, coastal European-inspired decor.

Look forward to seasonal, scratch-made dishes and fresh seafood entrees like the snapper with blistered tomatoes, artichoke, roasted garlic and eggplant, and the hearth-fired lamb rack with roasted squash, green olives, pine nuts, and preserved lemon jus.

Del Mar joins a list of impressive new dining destinations in the Nora District that includes Loco Taqueria & Oyster Bar and Juliana's Pizza.
